

About the Farm

Migombani Organic Farm is an organic farm based in Kikambala, Kilifi County. It is registered under the Kenyan laws as Migombani Organics (K) Ltd. We produce high-quality organic food using sustainable practices and ethical permaculture and Syntropic Agroforestry farming model. We believe that in order for food to be healthful, the environment in which it grows has to be healthy. To that end, we intergrate animal, poultry, fresh water fish and bio diversity plant systems in ways that, in their natural interactions, they create an ecological balance leading to abundance and quality.

Who we are

- Our school-to-farm training is offered conducted by our team of certified Permaculture and Syntropic experts, it is also useful for anyone interested in growing organic food for themselves, school kitchen gardens, farmers, youths agencies promoting smart climate agriculture and the local communities.

-We also carry out practical researches in the farm and communities and share our up to date knowledge & hands on experiences while seeing how the birds, animals, and fish are raised in a loving and ethical way.

-Promoting ecological conservation practicing composting and selling organic foliar and fertilizers like Vermicompost, Vermi-juice, Rabbit urine, sea weed fertilizer etc

-Develop resilience to climate change and environmental shocks through modern water harvesting and smart waste management systems

-For growing food forest, herbs and vegetables in our farm, we follow permaculture principles.

FARM TOUR

Children need to learn and know where their food comes from.... Migombani Organic Farm has now opened its gate to schools for a School to Farm trip. In an effort to sharing with others the benefits of fresh, nutritionally-dense food, grown in a clean environment, using integrative agricultural methods. Our guided farm tour features an interactive session, get a glimpse of the animals we raise on our farm, enjoy the scenery and music sound of our lovely exotic birds.

Join us in exploring what team Migombani has to offer !
